- ▲ **REMOTE MICROPHONE/TELEPHONE RECORDING JACK**
- **2-SPEED OPERATION**
- **BUILT-IN SPEAKER**
- **2-FUNCTION FOOT CONTROL**
- **TAPE COUNTER**
- **SPEED CONTROL**
- **TONE AND VOLUME CONTROLS**

- ▲ **STEP-UP FEATURE** ▶ **NEW FEATURE**

Here's the Sony "give and take" machine. The sleekly handsome M-2000 "takes" dictation, records meetings, interviews even phone conversations, using convenient microcassettes in two speeds. Then it "gives" what's been recorded, playing it back for transcribing or just listening. The M-2000 has an automatic backspace that replays the last few seconds for transcribing confirmation, and variable playback speed for greater transcribing accuracy. Compact design needs little desk space. Foot control and listening device are included.

features

- **COMBINATION TRANSCRIBER/RECORDER** provides convenient transcribing/playback features with the ability to record conferences and telephone conversations all in one machine
- ▲ **CONFERENCE RECORDING WITH BUILT-IN MICROPHONE** allows the M-2000 to be used as general purpose recorder during meetings
- ▲ **REMOTE MICROPHONE JACK** accepts an external microphone for special recording applications
- **TELEPHONE RECORDING** capability using an optional telephone pick-up
- **TWO-SPEED OPERATION** permits choice of 2.4cm/sec speed (30 minutes recording time per side of MC-60 Microcassette) or 1.2cm/sec (60 minutes per side)
- **2-FUNCTION FOOT CONTROL AND EARPHONE** lets transcriber use both hands for keyboard entry or typing while listening to and controlling tape playback
- **3-POSITION AUTOMATIC BACKSPACE** lets transcriber reverse the tape 0, 1, or 3 seconds, automatically, to review recorded material for transcribing confirmation.
- ▲ **SPEED CONTROL** lets the operator vary the playback speed
- **STONE AND VOLUME CONTROLS** permits operator to adjust playback for clearest and most desirable sound quality of any voice
- **3-DIGIT TAPE COUNTER** provides display of tape elapsed, for rapid access to a particular section of the Microcassette
- **BUILT-IN SPEAKER** for general listening convenience
